TR22/EX17/620 (6HP)

Subaru industrial engines and equipment have earned a reputation throughout the world for high performance and durability in the most demanding applications.

Model	TR22/EX17/620
Engine	6HP
Pump Flow	20L/M
Pump Pressure	40 Bar
Tank Size	620l
Hose Reel	Yes
Hose Length	20m

Tank: 620Lt. Polyethylene Tank. Tank is UV stabilized and is yellow with a black liner inside, to restrict algae growth.

Pump: Ruby TR22 Piston pump capable of delivering 22L/min and has a max pressure of 40BAR. An automatic un-loader valve regulates pressure. The pump can run dry without damaging seals or plungers. The pump has stainless steel pistons and acid resistant seals making this unit suitable for a wide range of spraying and cleaning tasks.

Hose: 1 x 20m High-pressure hose is provided on a hose reel. Pistol type variable spray gun can be adjusted from fog spray to solid stream.

Pump and engine unit mounted on anti vibration rubbers.
