

Manages both mowing and charging automatically and is suitable for areas up to 1800 m<sup>2</sup> (1/2 acres). When the battery needs recharging the mower returns to the charging station, charges and then continues mowing. Since this model cuts the grass so frequently, the result is excellent. Using the settings via the keypad and display, the mower can be adjusted to do a first-class job even on lawns with a complicated shape. Now available in a range of colours, as an option.

**RELIABILITY**

Robotic lawn mowing is all about reliability. Husqvarna has during 20 years of development refined its mower concept to achieve the highest level of reliability, quality and cutting result, with a minimum of assistance.

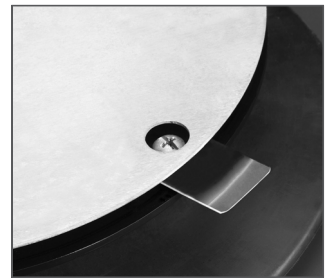

**EXCELLENT CUTTING RESULT**

Thanks to the free movement pattern of Husqvarna Automower® the lawn is perfectly cut, achieving a beautiful and carpet-like look. The razor-sharp blades cut the grass gently from all directions, helping it to grow strong. Moss growth is effectively prevented.

**LOW NOISE**

Thanks to its unique cutting system, Automower® works extremely discreet and quiet and just when you want.

**UNIQUE CUTTING SYSTEM**

Husqvarna Automower® cuts just a little but frequently, which assures a nice and healthy lawn. It is equipped with sharp razor-like blades made of strong carbon steel mounted on a robust cutting disc system. This provides for efficient operation and extremely low energy consumption.

## Features

- The mower automatically finds its charging station
- PIN code lock
- No emissions
- Anti-theft alarm
- Personalise the mower via a Settings panel
- Timer

## Technical data

Working area capacity	1800 m <sup>2</sup> +/-20% / 0.5 acre +/-20%
Charging system	Automatic
Maximum incline within the working area	35 % / 20 °
Colour	Green
Keypad	19 buttons
Information panel	LCD display with settings menu
Timer	Yes
Handle type	Integrated
Wheel threads	Medium
Battery type	NiMH
Typical charging time	45 min
Typical mow time on one charge	45 min
Maximum energy consumption	25 kWh per month at 1800 m <sup>2</sup> / 25 kWh per month at 0.5 acre
Power consumption	30 W
Cutting system	3 pivoting razor blades
Cutting height, min-max	20 - 60 mm / 0.8 - 2.4 inch
Cutting width	22 cm / 8.7 inch
Sound level	measured: 60 dB(A), guaranteed: 63 dB(A)
Alarm	Medium
PIN code	Yes
Installation lock	Yes
Time lock	Yes
Lift sensor	Yes
Tilt sensor	Yes
Loop wire	250 m / 820 ft
Staples	200 pcs
Extra blades	9 pcs
Product size, LxWxH	71x55x30 cm / 28x21.6x11.8 inch
Weight	9 kg / 19.8 lbs
