

Powerful rear-tine tiller for home and landowners. Highly effective for work on densely packed earth and older lawns. Large wheels with chevron tyres and counter-rotating tines provide superior access and broken up soil. Chain drive on rotors and wheels, plus reverse gear. Handlebar height is adjustable for ergonomic operation.

TWO GEARS
One gear forward and one reverse, for easy operation.

COUNTER-ROTATING TINES
Tines rotate anti-clockwise, so the soil is broken up very well. Capable of deep-digging heavy soil or preparing the surface for a seed bed.

DRIVEN WHEELS WITH CHEVRON TIRES
Large wheels with heavy treads for optimised grip.

COUNTERWEIGHT
For safe and sturdy operation. The counterweight increases weight on the wheels and improves balance.

Features

- Vertically adjustable handlebar
- Easy-access controls for user comfort

Technical data

Engine manufacturer	Subaru
Engine type	OHC
Engine name	EX17
Cylinder displacement	169 cm ³ / 10.31 cu.inch
Net power at preset rpm	3.2 kW @ 3600 rpm
Fuel tank volume	3.4 lit / 0.9 gal.
Rotational speed	190 rpm
Transmission type	Chain/Manual
Transmission steps forward	1
Transmission steps reverse	1
Cultivator type	Rear-tine
Number of tines	4
Tine diameter	305 mm / 12 inch
Working width	43 cm / 17 inch
Working depth	15 cm / 6 "
Depth adjustment steps	7
Reverse gearbox	Yes
Driven wheels	Yes
Chevron tyres	Yes
Tyre size	406 mm / 16 "
Weight	90 kg / 200 lbs
